

# Fitness Center Construction Update

Dear Members:

We are happy to announce that the Fitness Center Renovation is moving along on schedule. Whether you have seen it first-hand or through our Construction Update emails, we can all agree there are wonderful improvements and upgrades taking place.

As we shared with you in our first communication announcing the start of the construction, we are at the point where it is necessary to close the Health & Wellness Center. The Health & Wellness Center will be closed beginning Monday, January 10, 2022 through Sunday, January 16, 2022. **We will reopen on Monday, January 17, 2022 at 6:00 am.**

**Please note:**

- We will be closing the pool in order to complete our mandated Suffolk County Department of Health pool drainage. At the same time we will be able to continue our Fitness Center construction.
- The Pool, Locker Rooms, Gyms, Fitness Center and Track will **not** be available.
- If you would like to continue your personal training, please contact your trainer.
- **All of our Group Exercise classes, located outside the Health & Wellness Center, will continue to take place as scheduled.** This is a great time to try out one of our many classes. Sign up available on the Wellness Living App.

**During this brief closure, the following will take place:**

- The pool will be drained and cleaned. The pool deck will be power washed.
- The Fitness Center will be painted, the ceiling, flooring and mirrors will be installed. We will begin installing the new equipment.
- The Men's and Women's Locker Rooms will be scrubbed and cleaned.
- New LED lighting will be installed throughout the Health & Wellness Center.

Thank you for your patience as we continue the renovation of our Fitness Center. We know you will enjoy the new state-of-the-art equipment, functional training area, larger footprint and more! Very shortly, the remainder of the equipment will be installed along with all new flooring in the common areas. We are just a few weeks away from completion!
